ABBY AND THE CUTE ONE BY ERIN BUTLER PDF

Every member of Seconds to Juliet has a girlfriend—except for Nathan Strong. Now the band's manager is leaning hard on "The Cute One" to play the role of the band's heartthrob. With the band's sales in decline, it's up to Nathan to keep the fans' fantasy alive. The plan is to stage a fake relationship and a fake breakup, and then let the fans fight to be the one to mend Nathan's broken heart. Just one problem. There's another girl in the picture—one Nathan can't stay away from. In private, Nathan's stealing kisses with the band's new opening act, Abby Curtis. If they're caught, no one wins. Abby will be fired, and the band might not recover the success they need to survive. But even with the pressure mounting, Nathan and Abby can't stop themselves from stealing one more touch, one more kiss. And it's only a matter of time before it all falls apart. This Entangled Teen Crush book is as forbidden as the secret romance it contains! It has hot kisses, graphic language, and extreme misbehaving. **DO NOT GET CAUGHT WITH THIS BOOK...unless you want everyone to know you believe in true love.**

Excellent book to read in one sitting!

By BookWorm221

Such a fun, cute, lighthearted book, the perfect book to get you to get lost in the story of two teens falling in love for the first time.

Abby and Nathan are two sixteen year old pop stars, Nathan is part of a famous band and Abby is just getting started as their opening act in their tour. Needless to say from the moment they meet, there are sparks flying around all over the place, the connection is instantaneous and the both just can't stop it from unfolding, even if they both have other responsibilities first.

This is the first book I've read of this series, but they all sound amazing so I might give them a read as well.

So cute and romantic!

By The Tale Temptress

I've been a big fan of the Backstage Pass series since the very first book, and have thoroughly enjoyed each installment. I've been eagerly anticipating Nathan's story, because he's the one I felt like I knew the least about. He's more quiet, the youngest, and hasn't really taken center stage, so to speak, in the overall plot so far. This book didn't disappointment.

I loved Nathan immediately. He's so sweet and cute. I hated the situation he now finds himself in. All the other guys in the band have girlfriends, so the pressure is on for him to be the "dateable" one, the one people still have a chance with. Thus, he has to go on dates with celebrity girls he isn't even interested in. I know this happens in real life. You know all those celebrity marriages that occur and last a year or less? They were probably PR setups. I felt really bad for Nathan because of this situation, for him to have to hold the entire bag when what he really wants is a more simple girl, down to earth. He finds that in Abby.

Abby was so sweet, talented, and what I thought was a perfect match for Nathan. They meet very early in the story, and they had what I would describe as a "meet cute". I won't spoil it for anyone, but I will say that I was on board with their romance from the first few pages. She's got a YouTube following and is auditioning to be the opening act for *Seconds to Juliet*. Only problem is, once she's there, she's pretty much forbidden ground for Nathan in all respects.

I loved the conflict in this story, the way PR people try to dictate a celebrity's every move. And I loved the romance. I can't go into more detail without ruining something for those who haven't read it. But the author did a fabulous job giving this book depth inside a cute story, and for ending out this great series with a wonderful installment. Loved it.

Cute ending to the Backstage Pass series. This one was a quick and light read.

By Casey M. Britton

Review for *Ramblings From This Chick*. ramblingsfromthischick.blogspot.com

Abby and the Cute One by Erin Butler is the final installment in the Backstage Pass series. Each book is a standalone with interconnected characters. This book was cute and had some enjoyable moments, but I did have a few things that kept this one from being a five star read for me.

With all the guys from *Seconds to Juliet* pairing off, Nathan Strong is the last single guy in the group. Their manager is working hard to get Nathan to take on the role of single heartthrob. Though LJ wants Nathan to fake a relationship and breakup for publicity, Nathan is actually interested in the new opening act, Abby Curtis. But they both know that if anyone finds out about them it will be bad for both, so Abby and Nathan are forced to sneak around to avoid being discovered. But the more they sneak around and their connection grows, the more they run the risk of losing everything.

I liked Abby and Nathan. They were really cute, and I thought they were great together. Nathan is the youngest member of the band, and they all sort of treated him as the younger brother. It was really adorable at times, and I like how they all were as a group. Abby was really sweet and cute as well, and it was really easy to like her. There really is no other way to describe these two but cute, but I really did enjoy them together. They were a bit shy and awkward at times and I found myself swooning at their young love.

I will say that this book felt a bit rushed though and I was so over the crap with LJ (*Seconds to Juliet's* manager). After seeing everything that he has done over the course of this series, it just started to feel over the top and a bit too much like a soap opera for me. The other thing about this book is that it was a bit too predictable as well. I felt like it was definitely geared towards a younger audience, and it seemed to take on similar characteristics to other YA novels I have read. While there were things I liked, I just wanted this one to do some things differently rather than falling into familiar patterns and easy to guess outcomes. It was still cute, as is the entire series, but it was just okay as far as the story went. If you like YA stories and are a fan of boy bands and music, this is definitely a series to check out. I think that a lot of YA readers will really enjoy this book and the series.
