BADULINA: A LIFE CHANGING DOCU-FANTASY NOVEL THAT WILL TAKE YOU TO AN INSPIRING MAGICAL ADVENTURE. BY GABI NITZAN PDF

For the first time, this remarkably successful best seller is available in English for the international community.

Badulina is a tiny kingdom somewhere in Europe with 16,204 residents (as of last Friday), which conducts itself without laws, without politics, without marriage and without wars. Every resident of Badulina can be the next king. And everyone is brought up on the belief that there are only two ways to live in this world: as a king or as a victim.

The book 'Badulina' recounts the journey taken together by the author Gabi Nitzan and the royal couple, the King and Queen of Badulina – a journey that reflects not only the author's life, but that of hundreds of thousands of readers.

Nitzan accompanied the couple for three months, but the journey together quickly loses the impression of objective journalism: Nitzan falls in love with the Queen and becomes devoted to the enchanting King, who tells him a few things about hunting dragons, addiction to war and death, love devoid of possessiveness, eating with your hands and the national moto of Badulina – "Better be well and happy than sick and miserable." which practically guarantees that this story will not end in tears.

Must read.

By Lucy P

I was recommended reading this book after The Alchemist by Paulo Coelho. Both books are life changing, not in a dramatic new way to live type of way but more in a slight shift in perspective that allows you to approach your person life differently; better. I would highly recommend this book as well as The Alchemist for those not afraid to feeling and think outside the box. Both are amazingly written and beautiful novels. I will be re-reading both throughout the remainder of my life.

I've read this book more times than I can remember, it has become my own version of the bible. Badulina has changed my life for the better and set me on an incredible journey to become the queen of Badulina in my own world.

This book can enhance your life in ways you can't even begin to imagine, it did so with my life. The life lessons this book contains are vital for anyone that just wants to be happy. From learning to focus on the positive to loving yourself and inspiring other. All these lessons and more are wrapped up in a beautiful story that doesn't try to preach, but just shows you that there is an amazing reality right next to you waiting for you to explore it.

I personally recommend Baudlina to anyone that wishes to just be happy.
