## **BFF'S: BEST FRENEMIES FOREVER SERIES (URBAN BOOKS) BY BRENDA HAMPTON PDF**

Kayla, Evelyn, and Trina have been on-and-off-again girlfriends for many years, but the lines of true friendship will be crossed, the knives that go into another friend's back will cut deep, trust will not apply, and no one will share their dirty little secrets. With enough backstabbing, finger-pointing, and disrespect to go around, this trio sticks to their motto of "What she can do, I can do better; and whatever she has, I want a piece of it too." Much competition is thrown in the mix, and jealousy is so thick that there will be no place for anyone to run when the mess hits the fan. Only then will they attempt to put their many differences aside, but when severe damage is already done, it may be possible to forgive, but certainly not to forget.

What about your friends..?

By J

The saying goes 'No new friends', but with frenemies like these you may just want em.

Kayla is living the good life and has all the material things to show for it, but not everything that glitters is gold. Especially when secrets are unearthed and payback is certain.

Evelyn has some secrets of her own and her thirst for a better life comes at a great cost she seems willing to pay.

Trina has been living a double life and being caught in the middle of lovers..and friends can be tiring.

Ohhh weee...if I thought the last book I read got me out of my book funk, this one has me excited to read again! It took me 4 days to read it because I was savoring this one (lol). This read was on point: the plot was engaging and flowed. The suspense from the first paragraph to the last had me reeling and the drama was climatic as well. The characters are very relatable and their interactions helped the plot flow. I liked that each character had something going on in their life that added to the storyline. The ending left me wanting more; I can't wait to read part two!

She says she's just a friend! Not!

By ATrueShopaholic!

Scary! Could happen to anyone! You know the saying goes in the sistah-hood..."Don't bring your Man around your friends!" Poor Kayla! Blinded by her husbands control. Perhaps it was all her own guilt...her dirty lil secret. Karma?! Maybe. Perhaps Cedly is just the scum of the Earth. Her BFF Eveyln...hmmph! Durrty as they get. She is jealous, envious, covets, scandalous, sketchy, just dumb! Getting preggy was supposed to do what? Cedly...too many to pick from the Hoestack! But dude couldn't resist the BFF of his wifey? Then there's Trina, afraid to expose her "T." Poor child. I read this book thinking about the realities of this book each time I turned the page. I pray there are fewer frenemies than friends in the world. I don't dig hanging around women at all! BFF or BFF either way, be careful who you welcome in your life.

What u say!!!

OMG, OMG I can't wait for book two. You took friendship to a whole new level. I don't believe these women. Why would your friend have to provide for your financial security? I believe our paths are already forged for us. You always have choices and options in life, it is the one you choose. Everyone of these ladies made mistakes, but I don't believe Kayla did that to Cedric, I think it was Evelyn. I don't want to tell the book, hurry up and purchase this one. This one will make u think about your own BFF. Be very careful who you give that title to, and ask yourself did they earn it?
