a good story, well-told

By Ace

I loved this book, on many levels!

I'm a white woman in the Midwest, whose reading tends towards mysteries and gory thrillers, or travel- or food-related fiction and non-fiction. I was looking for something "different" and "light" to read over Christmas, so a book by a black woman about black characters in Atlanta, dealing with "women's issues" and immigration sounded interesting. (See the editorial reviews for story line.)

The mystery thread was engaging (even without anyone getting murdered!) as were the minor plot lines. I was afraid the "single-mother" and "romance" themes might be too sappy, but they weren't.

The glimpse of 'black culture' was interesting and "natural". I liked the characters; you'd be lucky to have them in your circle of friends. It was refreshing to see well-educated, affluent black characters.

There were references to books I've heard of but not read, so I'm now interested in seeking them out (e.g., the one that plays in role in the storyline).

The author's style was so enjoyable. Her turns of phrase were pleasing and the pacing of the chapters made it hard to put down. This was a good story, well-told. I plan to read more of her books.

LOVE IT!!!

By Shauntrice

I am a HUGE fan of Cleage!! I read "What Looks Like Crazy..." when I was a young girl, and I fell in love with her style of writing; she combines politics with Black Nationalism, women-centered community, sex and sexuality, and a classy taste of drama in all of her writings. I would really love to see one of her books turned into a film, but I know that it will be butchered, so... nevermind. I loved this book, and all the ones before it. Now I am about to finish "Baby Brother's Blues", then start "Until You Hear From Me" while I wait for "Just Wanna Testify" to be delivered. CLEAGE IS A MUST-READ!!!!

Running With Transsexuals

By Lannie Rose

CHOIR BOY owes, perhaps, more than a little to Augusten Burroughs' *Running With Scissors*. Each is the story of a smart, self-sufficient kid living in a whacked-out world with abusively neglectful parents, a loopy psychiatrist, and plenty of statutory sex. Both books have a tone of dry, black humor as well. Of course, Burroughs insists his work is non-fiction, while Charlie Anders's is imaginary. One questions the journalistic accuracy of Burroughs (to start with, he cops to fictionalizing names), and I am conversely driven to wonder how much of CHOIR BOY reflects the author's actual childhood.

Although the novel comes with a liberal amount of kink, the innocent, pure sex is more exciting—a kid's first kiss, the first time he gets to second base, a young boy's first brassiere. The stuff with transsexuals, cross-dressing, prostitution, and a bottle of Viagra that causes serious mischief is pretty ho-hum, just as it is in the real world if those things don't happen to be your particular cup of tea; ho-hum as they would be to a prepubescent kid.

As a post-operative transsexual woman myself, I can attest to the accuracy of the transgender aspects of the book. And, having had the pleasure of meeting Charlie Anders several times in some most interesting venues, I can understand how it is she knows all about it.

In a way, CHOIR BOY can be read as an overblown force-femme fantasy, but it is much more than that. It's the Peter Pan story of a boy who doesn't want to grow up, updated for the twenty-first century. It's a coming-of-age story. It's a story about the struggle to find and create our authentic selves, despite the external, conflicting pressures to be what everyone else wants us to be.
