About the Author

Ellen Stagg began her photography career in 1994, when she discovered her love for the medium in a high school art class. While still in high school, she began showing her first black and white photos in small art galleries in Connecticut, in 1996 she moved to New York City to receive her BFA in photography at the School of Visual Arts. By the end of her junior year at SVA, she'd signed with her first agent, setting her on the path to pursue a career in commercial photography. Though Stagg found success in the world of commercial photography, her true passion always lay with the ero-tic.

After years of struggling to connect with models who would understand her vision, Stagg met Justine Joli in 2005; the award winning adult actress quickly became Stagg's muse. Through Joli, Stagg was able to connect to other women from the industry. Stagg found it easy to create nude art with these "pros;" and started her own website. This site brought clients such as P ent-house, P lay-boy, a documentary on I-FC.com, art shows around the world and more.

Go Stagg!!!

By Jacob Hefner

(I picked up this book in Europe last week while traveling to shoot girls in Hungary and the Czech Republic.)

What if there was a 'hot chick' who photographed 'hot chicks?' One who could hang with you and your friends, loved your dog, and had a bunch of smokin' hot girlfriends who came over to your house and took naked pics?

As luck has it, that girl isn't a fantasy. She's Ellen Stagg.

Ellen Stagg

Ellen Stagg is an American photographer who has been shooting for 22 years, yet somehow doesn't look a day over 25. She's as beautiful and unique as the girls she shoots.

Her work is diverse. From celebrity portraiture of Scarlett Johansson to advertising work for Nixon, to MTV and HBO. And of course her erotic photos and nudes.

Dirty Girl Collection

Ellen's wonderful new book, Dirty Girl Collection, features Shay Laren, Jelena Jensen, Charlotte Stokely, Justin Joli, Hollis Ireland (cover), Darenzia Elizabeth, and a whole lot more beautiful young women. There are 420 color photos across 320 pages. This 5.5" by 8.5" hardcover opens with an introduction in each of English, German, French, Spanish and Italian.

The photos are as superb as they are diverse. There are snapshots, girl-on-girl, playful, peaceful, sexy and erotic images. One minute there's a playful series of a dominatrix. The next minute there are stimulating, and fully revealing erotic photos sure to please even the hard-core enthusiast.

The images are bright, well-lit (often an expensive on-camera flash mounted on a full-frame Canon 5d iii) and of a highly professional quality. The images are colorful, stimulating, and often thought provoking. It's no surprise she's worked with Playboy and Penthouse, yet also shot advertising campaigns. These photos bring out the best in both of those styles.

Stagg is a photographer's photographer. Honing her craft over two decades and equally as comfortable behind an expensive DSLR setup as she is shooting a Holga or Polaroid.

It's no wonder a woman of such immense talents would be equally respected and trusted by hundreds of women to shoot their most intimate moments. I trust her too. That's why I preordered her book (and canceled

the order, instead purchasing it here in Europe after the U.S. release was delayed) and now proudly display it in my living room for all my guests to enjoy, and also to use it as a reference for my own model photo shoots.
