Dom X by M.S. Parker

This box set by M.S. Parker will entice you into finishing it as quickly as you can. This is Xavier ( goes by X) and Nouri's story and it is written with finesse. If your are a fan of BDSM stories this one has a twist that will surprise you. The Dom in these books are usually male and the sub is female. Due to the extent of X 's burns Nouri is teaching him how to be a Dom to give him back an element of control in his life.

X who is in the military was badly burned in a warehouse fire in a civilian accident which ended his career. On the day of the fire he lost everything that mattered to him. Nouri was his nurse from his admittance to the hospital through his discharge. Both of them were becoming quite attached to each other during this time but would not acknowledge it to themselves or each other. They both have secrets and past hurts that keep them apart.

When X is discharged he returns to his home in Philadelphia and when the priest who is his only family contacts Nouri to come to take care of him that's when sparks begin to fly. Into all of this add Nouri's ex-boyfriend and their mutual attraction that neither one is willing to bring out into the open. This story is extremely well-written and entertaining. The way M.S. Parker weaves all aspects of the story to the conclusion will keep you on your toes. Since I do not believe in giving any spoilers away I will let you know that this book is worth your effort.

Very very touching and beautiful book

Glad i wanted to read these as a boxed set! M. S. Parker this set rocks. Please note folks if you are thinking that this set is about Dom/Sub relationship than this might not be the one for you. This book is about a brave soldier who while home on leave, saves the life of a boy and a man in a burning building. Because of this he was hurt badly. He was taken home to Philly by the priest who had basically raised him later in life.

One of the nurses at the hospital in Texas would sit by his bed and talk to him. It seemed that they had a connection even when Xavier or X was not able to speak. Nori later would come to Philly to care for X in many ways.

The Dom part of this book might throw you off a bit but for me it is really cool and loving and in a way it is how I think many folks find their inter-self or kink.

I highly recommend this book.

Floved this book

MS Parker this has to be the most emotionally charged book that you have written, the ups and downs had my heart all over the place.

I have to admit that after reading book one I was a little confused about how Xavier, aka X, fit into the title of the book, but once I started reading the next books in the series, it all started to make sense and this book did not disappoint.

Nori and X have moved to the top of my most loved couples from MS Parker, they both have emotional baggage that is holding them back from giving into each other and for X its also that he thinks he does not deserve to have something as amazing as someone like Nori. Running hot and cold with each other seems to be the norm for X and Nori, and then even colder when Nori's ex shows up and confesses that he wants her back. The ups and downs between Nori and X will pull at your heartstrings and have you crossing your fingers hoping that Nori and X will realize how perfect they are for each other.

Will things work out between Nori and X, or is it too late for them?
