Beautiful and interesting

By seahart

I have the previous Dreamscapes and Myth and Magic books which are both great. In my opinion, Magical Menagerie is the most beautiful of the three. Stephanie is such an imaginative artist and her paintings never cease to amaze me. There are a lot of demonstrations and inspiration here, which range from doable to quite complicated. Part one is a copy of the previous book, which I found disappointing, but otherwise I'm very

happy with the book.

Beautiful and Very Informative

By Karen E. Koch

This is a great book. I have watercolored for many years and was looking for a book to help my teen daughter learn to use this medium. This book is a treasure. It has many lessons dealing with different techniques. The subject matter is great for the teen age group and the pictures are incredibly beautiful. Really looking forward to using this book.

Beautiful drawings

By Jen T

Beautiful drawings as always. I love her art work. I wish the book would give new tips though, or at least have new pictures while demonstrating the old techniques. Other than that, I absolutely adore this book and would recommend it to anyone who is interested in buying it. :)
