EL VERBO KAIFMAN (SPANISH EDITION) BY FRANCISCO ORTEGA PDF

El verbo Kaifman es una novela en la línea de Dan Brown, Ken Follet, Stephen King o Tom Clancy. Un cóctel que incluye al Vaticano, la orden de los Templarios, atentados terroristas en Santiago de Chile, nazis perdidos en la antártica y ciudades ocultas. Los grandes misterios de la historia en el sur del mundo.

Una historia que juega con verdades a medias y la historia oculta de la humanidad. Ciudades perdidas, misterios antárticos, tesoros nazis ocultos en la Patagonia y un complot tramado por EE. UU. y la iglesia católica para silenciar a quienes se aproximen demasiado a la verdad. ¿Acaso cree usted que la primera vez que fuimos a la luna fue en julio de 1969?

Los viudos de El Código da Vinci la van a amar.

“Una novela de investigación que se lee como la más emocionante de las películas”.

J.J. Benítez.

"Si usted leyó El número Kaifman debe leer El verbo Kaifman. Aquí la historia no sólo se amplía, también se revela su inicio durante la Edad Media y su final, en algún lugar desconocido del tiempo y el espacio.

“Hace 6 años, El número Kaifman fue la respuesta chilena a El código Da Vinci. En 2013, la novela regresa corregida y ampliada, respondiendo acaso al éxito de Inferno. ¿Es Francisco Ortega el Dan Brown chileno? La respuesta la tendrá tras leer este libro.

“A seis años de su primera edición, El número Kaifman vuelve en su edición extendida, definitiva y sólo disponible en edición electrónica, que incluye en un sólo volumen la precuela y la segunda parte del relato original”.

“Edición revisada, definitiva, corregida y extendida de El número Kaifman, el primer best seller conspirativo escrito en Chile”.

"Una telaraña de conspiraciones a escala global. Un best seller de tomo y lomo, que encierra una electrizante historia que bien podría desarrollarse en Egipto o Francia, pero que se desarrolla aquí, en Chile”.

Alberto Rojas, El Mercurio.

“Novela de aventuras, un thriller de acción, con elementos cruzados entre El Código da Vinci y Los expedientes secretos X, pero ambientada en el Chile actual y donde no faltan las referencias a los Templarios, el oro perdido nazi, la ciudad de los Cesares, entre otros”.

Terra.cl

“En la línea de los superventas que ponen en duda la historia oficial, esta novela traslada a Chile un conflicto de alcance mundial, en que órdenes secretas, sobrevivientes del Tercer Reich y servicios de inteligencia pugnan por dar con la Ciudad de los Césares. El libro de Francisco Ortega se lee con facilidad. El dominio que exhibe de la tensión dramática le otorga gran efectividad y enganche a cada capítulo. Llamado a convertirse en un best seller, el libro se enraíza en la actualidad y ficciona con el terror que se cierne sobre Santiago tras un atentado al Parque Arauco”.

La Segunda.
