FAMILY VALUES (LONE STAR LOVERS) BY DELILAH DEVLIN PDF

When coming between three brothers, it's best to just let go.

Lone Star Lovers, Book 8

Angelina Flores lived a perfect ranch-kid childhood, complete with three princes on horseback who treated their housekeeper's daughter like a princess. At age eighteen, the fairytale came crashing down when she realized she had to choose between Brand, Nate and Eli McAfee.

And when she did choose one—she lost all three.

She's older now. Wiser, thanks to her college education and a few years' distance. A distance she'd planned to maintain...until her mother begs her to fill in at the ranch while she takes care of a sick relative.

The minute her boots hit the front porch, the memories come flooding back, right along with the hunger. It's tough to put the past behind her when temptation is so close. Especially since the brothers seem bound and determined to woo her. Separately. Together. Whatever it takes to keep her right where she belongs—in their arms.

Warning: Three cowboys all aiming for the same goal, and one woman with the cajones to give it to them—or wipe the floor with their butts, if necessary.

I received a free copy of this book to read and review for Wicked Reads.

As an 18 year old girl, Angelina didn't know how to make her dreams come true. Loving three boys - men - seemed liked a impossible dream, one with no hopes of coming true. When passion gets the best of her and she succumbs to Nate's charms, she knows that life will never be the same. What she didn't expect though was to have Brand forceably remove her from the ranch, her life, by sending her away to college in Austin.

Four long years have passed since she was that hopeless romantic and she's determined to put the MacAfee men behind her for good. Until her mother calls and begs her to come home to take care of the house while she's away. Unable to resist her mother's plea, she returns the only place that ever felt like home. Until she slept with Nate inadvertently betraying both Eli and Brand.

Brand wants Angelina home and for good. He knows that he was wrong in the manner in which he sent Angelina away, but he knows what it feels like to have choices taken away from you. He wants Angelina on the ranch, with thme, and for the right reasons. Giving her a taste of freedom, of living, of life, before tying her down to three demanding men is the only thing he can give her because he sure as hell can't stop loving her.
