Checking out Mikkeller's Book Of Beer: Includes 25 Original Mikkeller Brewing Recipes By Mikkel Borg Bjergs, Pernille Pang is a really straightforward activity. But, exactly how can many people be so lazy to read? They will certainly choose to spend their leisure time to chatting or hanging around. When as a matter of fact, reading Mikkeller's Book Of Beer: Includes 25 Original Mikkeller Brewing Recipes By Mikkel Borg Bjergs, Pernille Pang will give you a lot more opportunities to be successful completed with the hard works.

Review

"Here Bjergsø of the Danish brewing company Mikkellerâ??its name combines Bjergsø's first name with his friend and early brewing partner's surname, Kellerâ??shares a basic overview of beer history, types, ingredients, and brewing. Knowledgeable brewers will anticipate testing one of the 25 Mikkeller recipes, from Beer Geek Bacon (a smoked stout with coffee) to Draft Bear (an imperial pilsner). The pairings section provides general instruction and is complemented by five food recipes. The book ends with retailer and beer bar suggestions (mostly outside the United States), a guide to sources, and an index. With journalist Pang, Bjergsø has created a beautiful book for beer connoisseurs. The universal information about brewing, tasting, and enjoying beer is clearly presented through the book's design, photography, and illustrations. VERDICT The geographical focus and primary attention to Mikkeller's brews may limit the appeal to an audience of ardent beer enthusiasts." - Library Journal

About the Author

MIKKEL BORG BJERGSO is founder of one of Denmark's pioneer microbreweries, Mikkeller. After working as a Mathematics and Physics teacher, Mikkel decided to use his skills to experiment at home making a variety of different beers. From here stemmed a world-respected company exporting their beers to 40 different countries, making house beers for some of the most prominent restaurants in Denmark and collaborating with innovative microbreweries around the world, including Three Floyds and Anchorage. After mastering the brewery side of the business, Mikkel has expanded, setting up his own bars and shops which can now be found in large cities across the globe, from Bangkok to his home city of Copenhagen.

PERNILLE PANG spent five years working in journalism, including writing for the Danish newspaper, Politiken, before becoming a freelance writer in 2010. Since then she has written on various topics spanning from China to local cultural news writing for an array of companies such as Mikkeller, the Royal Theatre and Stella.

Somewhat basic info, but some cool looking recipes are in the book.

By Michael J. Pezely

I mainly picked up this book because I love Mikkeller. As a very avid home brewer most of the book is very basic. I know all the styles and know how to brew so about 90% of the content is sort of useless. The cool parts are the first few chapters that tell his story of founding the brewery and of course the recipes. I am looking forward to trying some of them out. I was also surprised to see a recipe in the book for FSW Wookey Jack!.

5 of 5 people found the following review helpful.

but I wish the recipes had been proofed a bit better. If you're looking for recipes ready to brew

By Scott

I was really excited about the recipes in the book, but found that I had to google around a bit to address some of the mistakes in them.

(Thanks to this random tweet for some direction:
https://twitter.com/thirsty_boys/status/580711797721829377)

Flaked Mats -> Flaked Oats (Beer Geek Breakfast, Beer Geek Bacon)

Second Carapils listed -> Flaked Oats(All Other Pale Ales)

Guessing to add an extra 1oz to each of the hop additions to get the 100+ IBUs (Stateside IPA) and so on...

Really a cute book, but I wish the recipes had been proofed a bit better. If you're looking for recipes ready to brew, have beersmith handy and godspeed.

Flaked Mats

By E. W. Johnson

I bought Mikkeller's Book of Beer primarily for the recipes. The book delivers in that department! It's also nice to get a history of Mikkeller. The section on beer types is a bit elementary, but could be useful to those who haven't read John Palmer's How to Brew. The layout and art are pleasant and I think it's a nice beer table (see what I did there) book that even the casual beer appreciator will enjoy flipping through.
