MIND CUFFED: EIGHT WOMEN. EIGHT LIVES. ONE AIM: PASSION BY BHAIRAVI SHARMA PDF

Mind Cuffed is not an ordinary book of sexual content targeting adults; Every story is a journey of a woman you can easily relate to. There are eight different plots and eight different women that explore their "sexual fantasies". How sinful can your Passion get? Bigger than your darkest guilt?? No frills, no hype, no apologies; pure delightful passionately engaging unrestrained erotica. Read on and enjoy!

And... It is not just a book; it is a voice, on behalf of all the suppressed voices of most of the women in India; it is a collection of erotic stories written by an Indian woman, for Indian women.

Great stuff

By Shady

As a non-fiction reader, I was a bit skeptical whether this book would really interest me considering the title and the genre. Anyway, thought I'd read something different this time since a friend of mine had put up a status on facebook suggesting us to read it. I immediately went on to amazon.com and ordered the book.

First of all, the description of the book on amazon mentions that it isn't a ordinary book of sexual content. Well, that is definitely an honest statement from a newbie author. The description also mentioned that the book isn't just a book, but a voice. Did I feel that way after reading the book? Yes I definitely did.

So the description perfectly summarised what's actually in the book without the author intending to just use the description option as a means to promote her book sales like a lot of new authors do.

I'd like to highlight a few good things about this book in the best way I possibly can.

Pros:-

- 1) Although the book had a lot of sexual content, the stories described in each chapter had a hint of love in it which was pretty impressive. So the book was not just plain sex, passion and lust but each story had elements of love in them expect for one story where a man has sex on the beach(Sorry, can't remember the name of the chapter).
- 2) Considering the situation in India at the moment where women are being raped and disrespected by men, the whole "women empowerment" thing has gripped the minds of a lot of women in this country developing a deep hatred towards all men in general simply ignoring the fact that there are a majority of good men out there. Each story in this book highlighted the bond between a man and a woman that is not just sexual and 'playful', but in a way 'friendly' as well. I did not come across any instance where the female characters in this book were given a higher priority than the male characters or vice-versa.
- 3) In a novel, punctuation marks are quite important and everything seemed in place. The statements and expressions were precise and easy to read.

4)The metaphors used in this book were erotic and hilarious at the same time. For example there was this line in the book, "Her breasts rose up like a high tide in the ocean and she drowned him in the tides of her breath". I almost died laughing when I read that. There are many such statements in the book which would seem to exaggerate the events in the story a bit but the exaggeration is definitely not a let down for me. As a matter of fact, it added to the beauty of the book furthermore.

Cons:-

1) There were a few things I did not like about this book. In the first story towards the end a man was killed for being ruthless to a woman when she was young(Cannot describe in detail since that would take away the suspense). Anyway, as a firm believer in the law of karma, I don't think any human being deserves to be killed no matter how big of a crime he/she commits as we all in some way or the other are responsible for everything we go through and in little ways we have all contributed to the misery of the world - if not in our actions, definitely in our thoughts. Maybe, I am being a little too judgemental, but I felt that the story could have taken a different turn rather than the man being punished for his vices considering the fact that this book is written by an author that lives in a country that has been taught by all the great masters about karma and reincarnation since ages with ample meditation techniques to prove it. Anyway, that's something I thought wasn't appropriate but a lot of readers who do not read much about spirituality and mysticism may easily ignore that.

2) Although a lot of stories were quite realistic, there were certain things that were far from reality. For example, reading the descriptions of a lot of places in the book, it didn't seem like I was reading about India. There was a story where the author describes a gothic female character entering a man's palace. Now a palace in India is something very rare. LOL. Or may be the author just has a deep insight into the future of our country. Also, most of the characters seemed pretty wealthy(or probably gave an impression of that based on the way it was written and described) which not many people in our country really are. I was expecting it to be a little more realistic highlighting travel by BEST buses, rickshaws or trains.

Anyway, the cons mentioned were just things I felt would enhance the message and the beauty of the book furthermore in my point of view but I do not regret the fact that I purchased this book and I definitely did not feel it was a waste of time.

As a man, I appreciate the spirit of the author to come up with stuff like this in a country like India and I personally would suggest every Indian woman reading this review to give this book a read as it is definitely one of those books that empowers women in a positive way without destroying the image of the opposite gender.

Refreshing, entertaining, excellent read!

By Patil

Mind Cuffed: Eight Erotic Fantasies Unlocked: Eight Women. Eight Lives. One Aim: Passion

Excellent short stories, with great storylines. I liked 'Role Playing Went Wrong' the best. This book finds its place among few rare pieces of written work in English by Indian authors that contain interesting plots with depiction of sexual acts that make a entertaining read.
