Review

"Remak's selections are wonderful, both in their variety and chronological breadth. They are primary sources selected with an eye to a punch line or 'a moral to the story' and therefore are extremely helpful for teaching students who are reluctant to delve into longer versions of primary sources." --V. Botzenhart-Viche, Westminster College

"The book brings together in a short and approachable manner many of the key documents that help students understand the phenomenon of National Socialism." --Jonathan Wiesen, Southern Illinois University

"The most useful documentary collection I've seen for teaching the history of the Nazi era. Well-chosen selections—well edited. Good translations with brief, sensible introductions. Bravo!" --Warren Rosenblum, Webster University

From the Publisher

Title off related interest from Waveland Press: Wright, The Ordeal of Total War, 1939-1945 (ISBN 9780881339727).

From the Inside Flap

"Remak includes useful selections on occupation policy, eugenics, anti-Semitism, and the resistance to Hitler. His narrative provides unity and coherence. Most of the selections are translated from German sources and are unavailable in English elsewhere." (Library Journal)

The conclusion is not only the book [Nazi Years: A Documentary History By Joachim Remak](#) that you look for; it is how you will obtain numerous books to sustain your skill and also ability to have piece de resistance.

NAZI YEARS: A DOCUMENTARY HISTORY BY JOACHIM REMAK PDF

The Nazi Years brings together documents that tell the whole essential story of National Socialism, from its obscure ideological beginnings to its seizure of power to the exercise of that power in Germany and abroad—to the bitter end of the Third Reich. Historian Joachim Remak has collected, and has introduced with illuminating commentaries, key letters, speeches, memoirs, political tracts, secret memos and tabulations—written by the actors, victims, or simple witnesses of the time. Here is the fanatical enthusiasm of dedicated Nazis as revealed in their own writings—a catalog of anti-Semitism and propaganda, volkisch idealism and pan-Germanism, ideas of "natural selection" and "race eugenics." Here too is the history of sincere but ill-fated resistance to Nazism by church people and plain citizens, of the anti-Nazi underground, and of Count von Stauffenberg's plot to assassinate Hitler. Now available from Waveland Press, these vivid accounts by Germans at every level of society and of every political and moral persuasion provide a shattering view of one of the most terrible, tempestuous periods of modern history.

A Good Book

By Prof Aharon Loewenstein

The book consists of a very well chosen collection of documents (of different sorts), joined with introductory paragraphs by the Historian Joachim Remak. The book presents a concise, basic, description of the Nazi regime. All parts are interesting to read and very instructive. The book provides much material for further thought.

The only fault of the book is the lack of an Index. An index would facilitate the back search of topics and names.
