## Most helpful customer reviews

2 of 2 people found the following review helpful.

Same as before, but with better photos

By pbirch999

This book is one of the best for left-handed golfers. There is a lot of detail and information. This version is basically the same book that was printed in 2001. The big difference is that the photos are in color and illustrate the author's words better. The author could have taken the time and rewritten some of the text, for example, the photo is a male but the text is talking about a "she", which applies to the photo in the first version.

There is a chapter where he talks about golf aids that he likes.

A good book but it needs editing.

On the Other Hand (It's a Guide for Left Handed Golfers)

By Bono2

This is a must book for left handed golfers. It builds from the basics from setup to swing for all clubs. It includes some great strategy for actually playing the game. I've summarized key ideas on flash cards to keep in my golf bag whenever I need to review an instruction.
