The twentieth century has seen the mightiest moves of the Holy Spirit since the Day of Pentecost. Move after move of God has rolled across the earth. The twenty-first century is upon us, and Christians should know from where they've come. They should know about the "heroes of the faith," so they can move forward with God and boldly carry the Gospel to the ends of the Earth. In this book, one of the great leaders of faith writes of his vast experience and knowledge of the men and women who began movements and churches that still exist today. Some of the men and women you will read about include Smith Wigglesworth, Howard Carter, Lillian Trasher, F.F. Bosworth, Finis Jennings Dake, Stanley Frodsham, Stephen and George Jeffreys, and Carrie Judd Montgomery.

Pillars of Pentecost

By A Customer

Enlightening book about the personalities behind the early twentieth century outpouring of the Holy Spirit. Unknown by most, these men and women of God helped to lay a foundation for the church today and the coming great revival. The stories related by some of these missionaries as they trekked through foreign lands will keep you interested. The book ends with a future vision of the harvest from Smith Wigglesworth and an account by Lester Sumrall. An incredible vision that is still ahead of us. The chapter on Smith Wigglesworth, and Lester Sumrall's acquaintances with him is worth the price of the book alone!

The last connection with the turn of the century giants

By Donald James. Parker

When Lester Sumrall died, the link to an era passed from the Earth. In his years of ministering as a young man, despite the lack of travel technology which has reduced the size of our planet, Sumrall seems to have had the privilege of not only meeting but also working with all of movers and shakers involved in the Pentecostal movement in the early 20th century. He tells of those encounters in this book. Good faith building material!

Faith Builder Book

By L Krull

I never knew Lester Sumrall had such an opportunity to meet and know so many great people of faith. It was so interesting to read how God used people of such different giftings and different backgrounds who are willing to live their lives for Him. The book is worth buying just to read about his relationship with Smith Wigglesworth. I found this book to personally challenge my own faith and bring it to a higher level.
