Wonderful

By S. Norman

Don't let the age of the book throw you off. It's still perfectly relevant (albeit a few out-of-date technology references). It's the best book I have ever used in a college English course, and one I will actually keep and use well after the class is over. Simply put, this book helps you write better. It's interesting to read and information is easy to find. What I like most are its outlines of different types of writing and the examples from former students of the author. If you're getting this book for a class, awesome! And if you're thinking of getting it as a supplement to your English classes, your writing, or whatever have you; get it. It's a great book.

A must have..

By K. Reddick

If you are any kind of a writer, you really want to just have this book on your shelf. It details everything you need to use proper grammar skills throughout a paper and a writing experience. Awesome addition to my

book collection!
