Good guide for US and A-B, for US Specific, Specialized book is better.

By Scott Payton

This is a great book, but if you're just US specific, no need to have this one and the Specialized book. The Scott Specialized Catalogue of US Stamps & Covers is pure gold.

Stamps

By Leonard Dow

I didn't realize it included world only limited world stamps. Useful as it is, I would have preferred only US stamps. I should read the ads more carefully.

By Bennett I. Bardfeld

I buy one new volume a year. Amazon still listing 2014 at same price as now available 2016. CRAZY! Won't buy the next edition of this volume until 2019 if I'm still around (I'll be 85 then)
