Great purchase from Amazon.com for the beginner

By john15016

This is a great source for the first-time or new-comer to the world of sausage making. Great detail and insight to the process and the necessary cautions that would be easily overlooked. Very good recipes and info on the process to make the process SIMPLE! We will be looking for more on the subject as we expand our endeavor into this "old world" process of preserving meats and making fresh products without chemicals we do not want to consume.

Fantastic Intro To Sausage Making

By Mr. Dougan

The recipe for Italian sausage in this book is worth the purchase alone. I added a little giardiniera to it from my friend's suggestion which really set it off. It's a fun learning experience and the freshness of the final product can't be beat. Lots of bonus recipes for sauces (mustards, ketchups, BBQ) and helpful hints

throughout. An A+ Idiot's Guide.

Sausage Making Recipes

By OBXJoe

I have many sausage books and this might not be the best book for the actual details of smoking sausage since it say to 'follow your smokers instructions' but their are many great recipes and it gave me some pointers on smoking. I would recommend buying it.
