THE MINCING MOCKINGBIRD: GUIDE TO TROUBLED BIRDS BY MATT ADRIAN PDF

The Mincing Mockingbird Guide to Troubled Birds is an illustrated, pocket field guide that enables anyone to quickly identify psychotic, violent or mentally unstable bird species. Written in non-technical language for the layman, the guide describes where to find—or where to avoid—the most disturbed North American birds.

Throughout the book the reader will discover tales of murder, assault, mental breakdowns, obesity, drug abuse and infidelity among the birds. This guide is used and recommended by law enforcement agencies and ignored by leading ornithologists.

We are only just discovering the reality of our avian adversaries, with their reptilian brains, their appetites for mayhem and the fact that they fly mostly to spite us. To ignore the information found within this volume may be at the peril of your very life.

Jack Handey as an Angry, Pugnacious Drunk in a Bird Suit

By Pop Bop

Remember Jack Handey and his "Deep Thoughts" from the old Saturday Night Live? Slightly off-kilter, vaguely inane and sort of gormless, but somehow deeply insightful, musings? Well, take that same sort of one-liner humor, but make it psychotically angry and twisted and use it to caption pretty, but intense, bird paintings. That's more or less what you get here.

Usually you don't have pretty, colorful, cute birds telling you "I'll Even Kill Your Soul". The occasional brief, unnerving comments and observations and stories that lead you from picture to picture just add to the wild wrongness of the whole setup and make this a deeply satisfying and essential guide. You ignore it at your peril.
