Must read for all MBA hopefuls

By Nicole Witt

What a great book! It provides a perspective that other books miss with the focus on "fit" in determining your personal school rankings. I highly recommed this book to all MBA applicants who want to make sure that they focus their time, money, and energy on only the schools that are right for them.

Very Detailed and In Depth

By FS Young

This book gives you more in-depth reports (6-8 pages on each school) than any other MBA book out there. It's got all the info you might want about admissions, student life, academics, etc. I haven't tried the CD-ROM, but it looks like it would be useful in helping to choose an MBA program.

Ok, but CD does not work!

By Franck Lin

Well, this book gave a pretty good introduction of MBA's. However, it emphasis too much on MBA's within the U.S.. Furthermore, the CD enclosed with the book does not work at all.
