A pure, passionate and hot love story !

By Léatitia Brière

Winter's Gift is the second book in the Bistro La Bohème series that I read (Falling for Emma) and just like the first one, I absolutely LOVED it ! I liked the two main characters and I could care about them and their story quickly and deeply. There is a lot for you to love in this book but here is what you need to know !

Strong, smart and charming character, Anton made me think of something rare and beautiful, a gift Anna couldn't stop herself from wanting... in every way ! Though she never wanted something serious or romantic, she slowly realizes Anton is beyond everything she expected from men. But can she trust herself with feelings she carefully avoided for so long? What about her secrets and everything that she is?

For Anton, I could say it was love at first sight (for me, at first words !). There was attraction, beauty and sincerity about the two of them. It was also hot, sexy and amusing. And of course really intense ! They were both so moving and realistic and I enjoyed their deep connection and complicity.

The writing was perfect and beautiful. The story was well developed and gripping. I loved the sweet and light French romanticism's touch ! I also wanted to know what would happen to Anton and Anna so much that I finished reading the book in less than five hours. So this is a short read that you will appreciate easily and deeply ! I think you shouldn't miss this very good read that became one of my coup de coeur ! Alix gifts us a hot and unforgettable Romance about letting go of the past, accepting love and trusting the pure, passionate and genuine attraction that was just demanding to be felt.

Grab your copy of Winter's Gift now, you won't regret it !

Happy reading !

Another great romance in the Bistro La Boheme series...Recommended! :)

By Njkinny

Winter's Gift by Alix Nichols is the fifth book by the author that I have read and just like the previous books, I really enjoyed reading it!

The cover is attractive but I could not visualize Anton like the hero shown on the cover. The blurb is intriguing and made me eager to start on the book right away.

I have come to enjoy and feel close to the Bistro La Boheme series and when I picked up Winter's Gift I was excited to read Anton's story whom I had met the first time in What If It's Love? book which tells the story of his daughter, Lena. Anton had come out as a ruthless businessman, loyal towards his family and over protective towards his daughter but in this book, I got to see a whole other side to his personality. He is a man still incomplete and seeking true love which he gets when he meets Anna but is Anna truly his one true love?

Anna is a woman hurt and trying to fight the odds in her life. When she meets Anton, she doesn't want to fall in love with him. Why? You need to read the book to know the answer to this. :)

I loved the totally unexpected twist and at first thought that I had misunderstood but that wasn't so. This is a love story written differently which made me love it all the more and I enjoyed reading it thoroughly. Alix has come a long way from her first book, You're the One. Her writing style is more mature, more engaging and a lot more crisp. She is daring with her books and takes risks in her stories which make her books different from the other conventional romances. A very talented author, I am glad I have read her books and look forward to her future stories.

All in all, Winter's Gift was a quick read which held my interest right till the end. It made me smile, laugh, go all misty eyed and then fervently hope for a happily-ever-after for my two new favourite protagonists. 4.5 out of 5 to it and strongly recommended to all romance lovers. Go grab this book and enjoy reading a heartfelt romance with a twist.
