Great Condition

By erudolph

The book arrived very quickly and was in perfect condition still in the shrink wrap!

Was impressed when it was delivered like new, however

By dealshopper

after reading the first 20 pages, the glue binding stopped working. So now as I read the pages I just put them in a pile and put a big document clip to keep from losing them. If it were not for that it would be a perfect book. It must be old, or not stored well.

Sad let down

By AnnaLynn Renae

It was on time, and what I thought was a great sale. Used it for two chapters for this class and then found out that someone had an issue with the entire chapter 12 and it is missing. So much for a school textbook without random chapters!
