This book is for all those who are getting ready to be parents or who have children up to the age of 6 years. The principles of parenting laid down here are as applicable for all children up to 18 and in many ways can be extrapolated to the entire spectrum of relationships around us.

The concept of 'Yes' parenting is fantastic and an eye-opening chapter. So is the chapter which talks about in-laws being the support system.

The passages about the self-esteem of the child and about naturally disciplining the child are very beautiful, too.

The book is most genuine because you have not kept from sharing your own experiences.
